

Pandemic

“Pan Demos” – Greek for – “All People”

by Brod Bagert

**All people, stay at home;
please do not go on the roam.
All people, separate space;
shelter-shelter in one place.**

**This is not a pleasant task,
but please, all people, wear a mask.
Like hurricanes and stormy weather,
we’re ALL, yes ALL in this together.**

**From the moment of our birth,
we’re one and all on planet earth.
And when all people work as one,
we’ll put pandemics on the run.**

**Pan-demos! Yes-siree!
All people! You and me!
Shout it! Shout it to the sky!
All people! You and I!**
